From the Bay State Democrat. KNOW YE NOT THAT YE ARE TOLOGOT WOLMENASTEL Hoow you not that yo are men, Ye laboring throngs of earth? Must ye be told and told again, What Truth and Toil are worth?

Why do ye look upon the ground, No fire within the eye, When noble born are all around, -And Wealth and Rank go by?

For have ye not a heart within, And sense and soul an they? And more,-have ye not toiled to win The bread ye out to day?

Do ye despise your sunburnt hands-Be bard and brown with toil, That lieve made fair the forest lands, And turned the forest soil?

What! do you fear the haughty gaze, Of men in rich array? "Tie said, Pride bath not many days, And Riches fly away.

Up heart end hand, and persevere, And overcome the scorn, -The haughty bate, and heartless ancer Of this world's gentle born!

Pear not, shrink not,-to you is given The guardianship of Earth; And on the record book of Heaven Is writ your honest worth!

Honor yourselves, be honest, true And willing, firm and strong, Do well whate'er your hands may do, Though graise may linger long!

A high and holy work is yours, And yours should be a fame, That lives for ages and endures Beyond the hero's name!

Go,-with your hands upon the plough, And the plough beneath the sod, Pity the heart that scorns, and bow To nothing but your God! A. M. IDE, JR.

Messrs. Sands: Gent.—Although 1 am disfigured and deformed for life, I have not lost my recollection; and never, while I exist, shall I cause to feel grateful for hanging second. coolection; and never, while I exist, shall I coase to feel grateful for benefits conferred, through the use of your invaluable Sassagarilla. I was attacked in the year 1828 with a scroulous affection on the end of my nace, commencing with a small red spot, attended with itching and burning sensations. This induced rubing, and now commenced the raveges of a disdegrees west, 84 poles to a stone near a burroak on the west bank of the creek, thence up the creek on the west side with its meanders north, 35 deg. east, 31 poles, thence north, 2 deg. east, 29 poles, north 22 deg. east, 42 poles, north. 35 degrees west, 8 poles to a large sycamore on the west. 8 poles to a large sycamore on the control of the creek, thence north, 8 deg.

ALSO,

In lot number one hundre I and twenty eight (No. 128) in the town of Ripley or being in the county of Brown and but the stream of the s

sidered it Scrotulens Lupus, and this is the mame given it by medical mem. As a last resort I was recommended to try change of are and an Atlantic voyage, and in. April last I sailed for America, and arrived here in the month of May. The disease continued gradually to increase, extending upwards and backwards, having destroyed the entire nose, and fast verging towards the frontal bone, it seized upon the appor jaw and surrounding paris.

While crossing on the Ferry-boat from Brecklyn to New-York, a gentleman, was attracted by my appearance and thus accosted mer "My friend, have you used the Sarasparilla!" Yes, replied I, various kinds, and every thing else I could hear of; but, said he, all mean Sands's Sarsaparilla!" No, I replied: "Then use it for I bolieve it will cue you." Being thus addressed by a stranger, I was induced to make trial of a medicine he as highly recommended.

I purchased one bottle, which gave some relief, and wonderful to tell, using your Sarsaparilla less than two months, I feel within me well. The disease is stopped in its ravegee, all those racking and tormenting pains are gone, my food relishes, my dipestion is good, and I steep well; and under the blessing of Divise Providence, I attribute the result entirely to the use of Sands's Scraparilla. With the desira that the afflicted may no longer delay, but use the right medicine and get cored.

I remain, with feelings of insting gratitude.

Your friend, THOMAS LLOUD.
